

SECRET

OSA - 2226-67

2 June 1967

To: Contracting Officer, SP-1926

Subject: CLOSURE OF CONTRACT

Reference: (A) Our letter dated 25 March 1966; Subject:
Contract SP-1926, Final Report of Inventions
(B) Amendment No. 4, dated 29 June 1966

We have received payment of the amount established as the final price by Reference (B), and all credits or adjustments have been made. Reference (A) provided the final report on "Patent Rights".

Since we are using the tooling and other residual Government property in the performance of the follow-on Contract SP-1928, we suggest that the subject contract be relieved of accountability for such material and that it be transferred to SP-1928. If you concur with this suggestion, we will consider SP-1926 completed and closed.

Sincerely,

25X1A
